For Veterinary Use

CONCENTRATE

Rescue™ Concentrate One Step Disinfectant Cleaner & Deodorizer formulated with AHP

Faster Superior speed of disinfection, proven to deliver superior kill performance with contact times that are 50% faster against a broad-spectrum of organisms

Cleaner One-Step Disinfectant Cleaners with powerful surfactants (detergents) simplifying sanitation of animal environments saving time and money

Responsible Designed to be easier on surfaces, people and animals. Users are not exposed to VOCs (volatile organic compounds) and in-use solution does not require the use of PPE

Sustainable Hydrogen peroxide breaks down into water and oxygen reducing environmental impact and improving the environment for animals and the people who care for them

Compatible Designed to be compatible with a wide range of materials

Accelerated Hydrogen Peroxide® (AHP®) disinfectants are the deliberately different choice to legacy chemicals that can be harsh on users, animals and the environment. Now the disinfecting power of AHP® is available in formats designed exclusively for companion animal health.

PROTECTING ANIMALS FROM HARMFUL GERMS SUCH AS:

- *Canine Parvovirus*
- *Canine Distemper virus*
- Enterococcus
- Microsporum Canis
- Streptococcus
- Trichophyton (Ringworm)
